### Infotext:

Toby Dreher is being one half of the Dreher & Smart act, which is well known for the official remixes of Depeche Mode ("Martyr") or Kollektiv Turmstrasse ("Grillen im Park"). They produced one of the biggest hits of the summer season ("Call Of Banganzwe") which was licenced to Sven Våth's "The Sound Of The 10th Season" / Cocoon Rec.

Now Toby publish his first soloalbum "Freiluft", where he shows his skills about delivering high quality modern electronic music. Rotary Cocktail Rec. presents 10 of Dreher's finest tracks to date which range from driving techno to electronica, from dub inspired to hypnotic techhouse. "Freiluft" will be published as mixed liveset, as album package with all solo tracks (RCDIG004LP) and there will be a remix package (RC035) with nice remixes of Kotelett & Zadak, Mark Broom and Marko Fürstenberg.
